Environmentally Conscious

Moonstruck contains a minimum of 4 percent pre-consumer recycled content and is manufactured by Crossville® using processes that have been certified by Scientific Certification Systems. SCS has verified that through these recycling processes Crossville recycles nearly 12 million pounds of previously discarded filtrate and fired tile waste. In addition to its own fired waste recycling, Crossville also accepts and recycles reclaimed, previously installed tile through its Tile Take-Back™ Program. For more information, visit CrossvilleInc.com/green.

Recommended Use

Moonstruck is recommended for interior floors, walls, countertops, and exterior walls in both residential and commercial applications. Moonstruck is not recommended for exterior horizontal surfaces or exterior paving. **The honed finish is not recommended for wet areas where standing water may occur.** If offset pattern is required for tiles 18 inches or longer, Crossville® recommends an offset of not greater than 33%. See CrossvilleInc.com for detailed installation instructions.

Care and Maintenance

Regular cleaning is the best way to keep Moonstruck tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning).
